FOREWORD

Although separated by space, Willingham and McEvoy have been brought together by basic goals. Our faculties and organizations have, by common participation, built up an atmosphere of togetherness. We have, through joint pep rallies, sports activities, publications, and clubs, established a foundation which future generations will be proud to acknowledge.

We present here another example of our common ideas - THE RAMSCOTT - showing again how the "interweaving of activities builds better school relationships."

Willingham Dedication

He has been endowed with a combination of man's greatest assets: a sense of humor, talent, leadership, dedication.

He is outstanding in musical ability. His leadership is evident in all phases of school activity, be it the Junior-Senior Banquet or the Annual. A true teacher, he is dedicated to the high calling of his profession. We will long remember how he taught by example and not by discipline. He is - in short - a dynamic personality.

So in recognition of his many contributions to both schools, and in admiration for a true Christian gentleman, we dedicate the Rams' part of the RAMSCOTT to -

William E. Bell

McEvoy Dedication

When he came to McEvoy two years ago, we were determined to change his first love from boys to girls. We haven't accomplished our goal, but perhaps by now we rate the same amount of love.

His ideas about education are practical, for he believes education should be useful as well as informative. He is frank, but his frankness is an asset; he is firm, but his firmness is like that of a father. For he is a father - he's our second father, the father of McEvoy High School.

So in admiration and love, we dedicate the Lassies' part of the RAMSCOTT to our father and principal -

Tuberculosis Tests To Be Given

On January 26, TB skin tests will be given to those pupils interested. This test, sponsored by the P.T.A., gives the person an opportunity to learn at an early date whether he has the TB germ. If he has, this is his chance to get immediate treatment before the disease gets complicated.

Before these tests are given, papers will be sent home explaining the test. Parents who wish to have their children tested must sign this paper before the examination can be given.

Supervision Basketball In Swing

Supervision basketball got un derway last January 3 with all sup ervisions fielding a team made up of boys who do not play on the various eighth, ninth, bee, and var sity basketball teams. Last year the tenth and eleventh grades played inter-supervision schedules but this year the tenth grade will play among themselves while the ele venth and twelfth grades will play in the same league.

At the end of the regular season their will be an all-star game for each grade league. The champion team in each league wil play a gainst a team picked from their league made up from boys on the other supervision teams.

Last year the winning supervi sions were as folows: eight grade 123, ninth grade-127, and in the tenth and eleventh grades-113. Boys on the championship teams receiv ed certificates while members of the all-star team did also.

The eighth grades are playing on the outside court while the ninth tenth, eleventh and twelfth grades are playing on the gym floor in times when the varsity is not practicing.

Tuberculin Test Helps Fight T. B.

Tuberculin tests will be given to the student body and faculty of Margaret McEvoy and A. R. Willingham by the Board of Health.

The test will be administered to catch the T. B. germ in the earlier stages. If the germ is found, a chest X-Ray will be advised to see if the germ has done any damage. Tuberculin tests or X-Ray will be suggested for other members of the family. If their is no damage, active T. B. can be avoided through healthful living, proper medical supervision, and special drugs.

A drop of "tuberculin" is injected under the outer layer of skin and there will be a reaction for a week or so. The reaction will be examined [illegible] nurse or do

Wheeler Discusses Lassies' Problems

"Teenage girls of today put too much emphasis on their appearance," said Hubert Wheeler, music and youth director of Avondale Baptist Church. "Actually, when a man is seeking a mate, he looks for a girl with strong inner character, a girl he can be proud of. It doesn't matter to him how she looks in a sweater, or how tight she can pull her belt."

Mr. Wheeler made this statement in his recent talk to the eighth and ninth grades during activity period. He also quoted from Micah 6:8, "What doth the Lord require of thee, but to do justly, to love mercy, and to walk humbly with thy God?"

He expressed the belief that today's young people are preoccupied

Last fall Toni entered "The Swing" in a national photograph contest and won a Certificate of Merit. She decided to re-enter it in the Kodak High School Photo Contest. She was the only winner in Georgia.

Toni said that her mother did not like the picture and did not want her to enter it in the contest.

"This is one time I'm glad I didn't do what she told me," said Toni.

Seniors Elect "Best Citizen"

"This is the greatest honor I have ever received and I hope that I will prove worthy of this honor," Lynda Adams said when she was elected Best Citizen of McEvoy.

Lynda also said that attending such a wonderful school as McEvoy with friendly students, makes it much easier to be a good citizen.

She will receive an award from the Daughters of American Revolution.

Lynda has also received many honors. She is president of Student Council, Superlative, Beta member, gym-assistant, and vice-president of the senior class.

After graduation Lynda plans to enter nurse's training at the Macon Hospital. This training program will last for three years. Afterwards she may decide to specialize in some specific field of medicine.

The runner-ups for this high honor were Beverly Moseley and Helen Newton.

In addition to this honor Beverly is president of the Senior Class, a superlative, and a gym-assistant.
